Avery Dennison Decorative Window Films

Bring glass doors, windows and screens to life.

The Avery Dennison Decorative Window Films range offers a choice of six distinct films engineered to breathe life into any glass surface. Whether you're aiming for a subtle touch or complete sense of privacy, or a bold decorative statement, our films provide the perfect solution.

All films are equipped with a clear permanent acrylic adhesive and a one side coated liner. The option of Easy Apply and even Easy Apply RS liners, available on demand for Cast and Polymeric Window Films, help to avoid air entrapment or pleats for a convenient and fast application. Bring glass doors, windows and screens to life, both indoors and outdoors and everything from short-life to long-term applications.

The Decorative Window films range is there in case you want to effortlessly enhance your environment, control light, and express your unique style. The Gold Gloss and Silver Gloss versions can even give that extra glamour and sparkle.

NEW in the latest generation:
Improved face film technology reduces whitening during repositioning, while the optimized adhesive system provides easier handling and a smoother installation experience.

Key features

- Full design range, offering a range of finishes: Dusted, Crystal, Frosted, Etched, Gloss Gold, and Gloss Silver
- Crystal, Dusted, Frosted and Etched Glass Films are good candidates for screen and digital printing

- Controls light intensity and improves privacy on glass surfaces
- Control light intensity, optimize style and improve privacy
- Fast application – simple to use, cut & weed with Easy Apply technology
- Provides outdoor durability of up to 7 years, depending on the specific film chosen

AVERY DENNISON

Avery Dennison Etched Glass Film

This superb decorative product replicates the effect of traditional glass etching. It is a translucent cast film with a clear permanent adhesive and a longlife outdoor durability of up to 7 years. Colour matching as well as an Easy Apply adhesive are available upon request.

Etched Glass

Avery Dennison Dusted and Crystal Glass Films

For medium-life outdoor applications of up to 5 years, choose these striking decorative translucent polymeric calendered films 2 distinctly different effects. The standard portfolio is also offered with Easy Apply and Easy Apply RS versions of the product, to avoid air entrapment or pleats during application and speed up the application.

Dusted Glass

Crystal Glass

Avery Dennison Frosted Glass Film

This intermediate calendered vinyl film features a matt finish that creates a brilliant frosted glass appearance. The film offers excellent conversion properties for computerized signmaking, ensuring it is easy to cut and weed. It provides excellent adhesion with a durability of 5 years for indoor applications and 3 years for outdoor use.

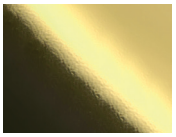

Frosted Glass

Avery Dennison Gloss Gold and Gloss Silver Films

For window graphics and applications with an extra spark. These two short-life products offer outdoor durability of up to 2 years, using two sided metallised polyester films with a permanent clear adhesive. An easy way to add real glamour and glitter with an unique metallic finish.

Gloss Gold

Gloss Silver
